However, peaked on its run over final 200m and was disappointing in the run to the line. Post race vet revealed no abnormalities. Trainer undertook to report back to stewards any abnormalities.

He stated previous start was over a shorter distance than today's event, the gelding was not suited by the quick early pace and was unable to take up a forward position, however the horse found the line strongly over the concluding stages. He added that with the step back up in distance today in a smaller field, the gelding was able to take up a forward position and travelled comfortably throughout, which he believed attributed to the improved performance. Trainer G. Cornish agreed with jockey Taylor's assessment.

S. Comments:Began awkwardly shifted out and bumped another runner. When questioned regarding below market performance App T Williams stated the gelding, although travelling comfortably in the run, had a tendency to lay out leaving the 700 metres and when placed under pressure leaving the 600 metres did not finish the race off as strongly as expected. A post race Vet exam revealed PITBULL had sustained abrasions to both hind bumpers.
