backed up from its start on 6 May. Trainer M. Mair agreed that the	e performance was disappointi	ng and said that he	would have blood tests carried out on the
horse, the results of which he would report to stewards. He added	that he would give considerate	tion to sending the I	norse for a spell. A post-race veterinary

S. Comments: Questioned re the performance, rider stated that his mount began well and established the lead quickly, added that his mount raced keenly in the early and middle stages and was under pressure from the 700m to maintain its position, also stated his mount failed to sprint in the straight and was disappointing. Trainer reported in the days subsequent that the mare had pulled up well and that he would add a tongue tie to its gear as he suspects it may have got its tongue behind the bit during the event. A post race vet exam did not reveal any abnormality.
