S. Comments:When questioned regarding the performance, jockey advised that after beginning from an outside barrier he had to pressure the horse to obtain its usual leading position and, in his opinion, the fast tempo of today's race, combined with the weight of 59 kilograms, resulted in the horse tiring over the final 200m. A post race veterinary examination failed to reveal any significant abnormalities.

S. Comments:Raced 3 wide for the majority of the event. After passing the 800m the mare was not responding to her riding and failed to travel comfortably at any stage of the event and proved disappointing. App Denby was of the opinion that the mare was not comfortable on today's track conditions. A post race veterinary examination revealed the mare to be displaying a cough and a nasal discharge. Trainer reported horse pulled up well and agreed may not have been comfortable in conditions. Believed it would be better suited over further ground when able to settle closer to the lead.

S. Comments:jockey D. Griffin indicated from the wide barrier he was obliged to position the gelding at the tail of the field and as the horse races over longer distances it was doing its best work over the concluding stages and would benefit from a step up in distance. He indicated he had been held up for clear running from the 600m to the 400m and after being afforded clear running laid in under pressure and was also inconvenienced near the 300m. Jockey Griffin added he again had some difficulty securing clear running until the final 100m when the horse finished the race off well.

Jockey R Fradd reported that it was his intention to take up a handy position however bearing in mind the strong early tempo he was content to allow the gelding to travel comfortably without being pressured which resulted in it settling further back in the field than anticipated. Jockey Fradd noted that the gelding had failed to finish the race off at its previous start when ridden along early to obtain a forward position.
