S. Comments:Trainer K. Schweida advised that from the wide barrier and with the pace expected to be slow, the horse would be ridden in a forward position if circumstances permit. After being ridden forward in the early stages, was forced to race wide and was then eased to take up a position midfield. Finished a distant last. A post-race veterinary examination revealed no significant findings.

S. Comments:When questioned regarding the horse's performance and his riding in the home straight, R. Fradd explained that when entering the home straight the gelding was inclined to lay in, which he felt was similar to its last start performance when it bled from one nostril and for this reason he was reluctant to overly pressure his mount over the concluding stages. Stewards advised jockey Fradd that he would be expected to report any matter that may have had an effect on a horse's performance so as not to leave his riding open to question.

| S. Comments:Began awkwardly, lost ground and as a result settled further back in the field than anticipated. When questioned as to the horse's seemingly disappointing performance, J. Lloyd advised that the horse is best suited when able to lead in its races or when racing to the outside of other runners and for that reason, in his opinion, the horse missing the start and being forced to obtain inside runs in the home straight were the major contributing factors to the horse's poor performance today. Stewards noted the explanation. |                 |          |     |   |
