S. Comments: When questioned as to the factics adopted when leading today, Jockey L Rolls stated that he was instructed to pressure the gelding out of the barriers as it had previously been slow to muster speed. Jockey Rolls added that as a result the gelding mustered speed quickly and he elected to continue riding it along to obtain a forward position. Jockey Rolls further added that once the gelding obtained the lead it failed to settle despite his efforts. Trainer M Eggleston confirmed the instructions but that it was not his intention for the horse to lead today but to settle in a mid-field position.

S. Comments: Slow to begin. Apprentice S. Eilbeck reported at scale that although her mount led today's event, it did not feel total comfortable in the heavy conditions and when placed under pressure failed to respond and, notwithstanding its 3rd placing, proved disappointing. A post-race veterinary examination revealed minor lacerations to the near hind leg which may have had some bearing on its performance today.

S. Comments: Weakened badly in the home straight. Rider reported that his mount failed to respond to his riding from the 600m and was disappointing, which he attributed to not being entirely comfortable on the soft track. He added that in his opinion the gelding would take a fitness benefit from today's race. Trainer M. Wilson confirmed that BABUR was not entirely comfortably on rain-affected tracks and added that due to the recent wet weather the gelding has missed track gallops and would derive benefit from today's race. He indicated that at its previous start the rider had reported that in his opinion the horse was not comfortable on the smaller track and it had become awkward rounding the turn. He agreed that it was disappointing however felt that it was doing its best work over the concluding stages and was not surprised with the forward showing today. He felt the horse was also advantaged by the more favourable barrier draw

S. Comments: Slow to begin. Trainer B. Smith reported he anticipated the horse settling in a more forward position and was disappointed with the overall performance. He indicated he would gallop the gelding, before having an endoscopic examination performed and would report the results back to stewards. A post race veterinary examination failed to reveal any significant abnormalities. Mr Smith advised that the endoscopic examination was clear and the horse subsequently barrier trialed in blinkers and performed well. He indicated that he would add blinkers to the horse's gear as a result.
