Santarene 55.5 1, 14 LEN, 2-05.46 36.48			In Running: 1/3/10
S. Comments:Steadied from heels whilst weakening near the 500m. When questioned by Stewards in relation to the gelding's seemingly disappointing performance, jockey T. Brooker advised that after beginning well she obtained the leading position, without having to overly pressure the gelding. She added that the gelding travelled reasonably throughout however, in her opinion, it was not suited by the tight turning track and may be better suited being ridden back in the field if circumstances permit. Stewards noted the explanation. A post-race veterinary examination revealed no apparent abnormalities.

S. Comments:Slow to begin before mustering speed under hard riding to occupy a forward position. When questioned regarding the seemingly disappointing performance of the horse, which started a short-priced favourite, rider J. Lloyd explained that his instructions were to make use of the favourable barrier and after beginning slowly he then elected to push forward on the colt as it had led in its most recent trial. He also noted that the horse made some abnormal respiratory noises in running and had to work hard to hold a position. He also noted that the horse may have choked down and was disappointing.

S. Comments:When questioned regarding the horse's improved performance, trainer G. She added that in the lead up to today's event the gelding had worked well and had won a recent barrier trial at Beaudesert and she expected a forward showing today.

S. Comments:J. Lloyd reported that his mount did not show any early speed and as a result settled further back than anticipated and after being held up rounding the home turn and in the early part of the home straight ran home only fairly. He added that the gelding is better suited when able to race up on the speed in a more genuinely run race and over a further distance than that of today's event. A post-race veterinary examination revealed no significant findings.
