Thompson stated that it was his intention to lead or race handy. After beginning fairly, shortly thereafter was crossed by two runners and settled in a midfield rails position. The gelding which performed poorly and tired noticeably over the concluding stages, underwent a post-race veterinary examination which revealed no apparent abnormalities.

S. Comments:Slow to begin before mustering speed under hard riding to occupy a forward position. When questioned regarding the seemingly disappointing performance of the horse, which started a short-priced favourite, rider J. Lloyd explained that his instructions were to make use of the favourable barrier and after beginning slowly he then elected to push forward on the colt as it had led in its most recent trial. He also noted that the horse made some abnormal respiratory noises in running and had to work hard to hold a position. He also noted that the horse may have choked down and was disappointing.

She added that in the lead up to today's event the gelding had worked well and had won a recent barrier trial at Beaudesert and she expected a forward showing today.

When jockey Wiggins was questioned regarding the tactics adopted, in particular if there was an opportunity to improve wider on the course near the 600m, jockey Wiggins stated the mare proved very difficult to ride and was inclined to hang out and was of the view if he had come wider on the course the mare may have run off the track.

Jockey Wiggins also stated that after obtaining clear running near the 250m the mare also shifted out abruptly. Stewards noted the comments. Connections w
