S. Comments:Rider questioned re tactics from 1200m - instructions were to maintain momentum and if pace slowed to improve forward to eliminate any stop start tactics not suitable to gelding, which is one paced and cannot show any sprint in its race. After going forward at this point was forced to race 3 wide remainder as PRIMAL TOUCH maintained its position to its inside and was forced to race in this position for remainder. Trainer confirmed instructicns and was satisfied with ride. Rider lost whip near 200m.

When questioned regarding the disappointing performance, App. M Schrapel expressed his disappointment in the performance and said that the gelding travelled well throughout, however, failed to respond when placed under pressure. He added that in his opinion the gelding may have come to the end of its current preparation. A post-race veterinary examination failed to reveal any apparent abnormalities at the time of examination. A swab sample was taken

S. Comments:The start was delayed when the mare proved difficult to load. Jockey L Cheshire reported at scale that she noticed that its tongue was over the bit and that she recommended to connections to experiment with a tongue tie or a tongue control bit before the mare's next start. She added further that this may have contributed to the mare not running out a strong 1400m today. Trainer E Forrester reported to Stewards that the mare had returned after the race with a laceration to the near side hip and also with its tongue over the bit.
