S. Comments:On return to scale, Apprentice N. Keal could offer no tangible explanation for the poor performance tonight. A post-race veterinary examination revealed no significant findings. Trainer T. Sears reported that when the horse returned to his stables it appeared to be distressed, and he advised that it may be the case that the horse has a virus. Mr Sears advised Stewards that he would have blood samples taken from the horse in the coming days, and would report any findings to Stewards.
