S. Comments:Raced wide throughout. When questioned regarding its performance, the rider stated that gelding was disappointing. He was mindful that it usually showed pace, however as this was the first time with blinkers, it had failed to race well and suggested to remove the blinkers and step up in distance. Trainer J. McConachy confirmed that the blinkers will be removed for its next race start. A post-race veterinary examination revealed that gelding was displaying a slightly slower recovery rate. A small amount of blood was observed in the back of the horse's throat.

S. Comments:Rider was questioned regarding his tactics adopted upon the horse and in particular, his reasons for restraining through the early stages after beginning well. Rider stated he was instructed to give his mount a squeeze from the start and settle in a one off position. After beginning well his mount did not possess sufficient speed to cross runners to his inside, and rather be caught three wide he elected to restrain to a one off position. Rider added the gelding only finished moderately in the straight. A post race veterinary examination revealed no obvious abnormalities.

S. Comments: Jockey questioned regarding riding where there appeared to be a run available to him in the early stages of the straight. Stated that no specific instructions had been issued and he was able to find a favourable position from the awkward barrier. He said that when a run became available to him he was not able to take advantage of it as the horse was not advancing to do so and as a result from the 200m was held up and his mount went to the line untested. Trainer reported gelding had pulled up fine and intends to start Mackay 21/1.

after having nearly a year off from racing. He further stated that the mare would take fitness and racing experience for the run. A post race veterinary

S. Comments: When questioned regarding the horse's performance, jockey stated that his mount had begun well, however was not able to take up a forward position and given the horse was back in distance, he was of the opinion that it failed to travel well throughout, however from the 500m was able to make up ground. Trainer advised that he was satisfied with the performance, given the drop back in distance to the 1050m today and the outside barrier. A post-race veterinary examination revealed no abnormalities.
