S. Comments:When questioned regarding her riding Apprentice explained that she had been instructed to obtain a handy position however after beginning only fairly from the widest barrier she elected to restrain her mount in an attempt to find a position closer to the running rail. She said that when the pace slowed in the middle stages her mount commenced to over-race and rather than attempt to sustain a wide run she elected to remain racing at the rear of the field. She added that she then placed her mount under pressure near the 600 metres and it ran to the finish only fairly.

S. Comments:When questioned - rider stated mount travelled well throughout although he was obliged to race in a line of three for some distance in the lead in the middle stages, which flattened his mount. He added he rode Claim the Throne along and it improved approaching the home turn however it failed to respond to his riding in the early stages of the straight and it found the line only fairly; a post-race veterinary examination did not reveal any significant abnormalities
