S. Comments:Rider said the horse jumped very awkwardly and made heavy contact with the barrier partition and as a result was positioned at the tail of the field. He added that when attempting to improve into the race from the 600m the horse did not quicken and in his view did not travel comfortably at any stage of the race and was extremely disappointing over the concluding stages. Trn's representative was unable to offer any explanation for the performance. Vetted and found to be making upper respiratory noise. Must trial competitively and endoscopic exam results req'd before racing again.

S. Comments:Slow to begin. When questioned as to the horse's performance, jockey R. McMahon advised that due to the fast early tempo his mount was off the bit for the majority of the event. He added that from the 550m the gelding laid in for a short distance and when placed under pressure felt the horse came to the end of its run near the 150m, which he attributed to the horse racing first up from a spell tonight. A post-race veterinary examination revealed the gelding to be mildly lame in the near hind leg.

He indicated that it had been his intention to settle midfield just behind the lead if possible, however after beginning well he elected to attempt to sit outside the SOL WITNESS, however when that horse was steadied leaving the 1200m he elected to allow his mount to stride forward, as he had been advised that the horse can overrace, and he established the lead near the 1000m. Stewards noted the explanation.

She stated that approaching the 1200m she did not wish to have to pressure her horse to hold the lead when HIDDEN GOLD improved to her outside so she elected to steady and allow that runner to cross. She added that shortly thereafter RED CHANDELIER improved to a position inside her heels and she was obliged to settle in the position one off the fence. Stewards noted the explanation.

S. Comments:M. Hellyer said that the mare did not muster early speed, was at the tail of the field, and when pressured from the 600m commenced to hang out. He added that when placed under heavy pressure from the 400m the horse changed stride and raced more tractably and although having some difficulty securing clear running when improving on to the heels of weakening runners, finished the race off nicely and was doing its best work over the concluding stages. He indicated that the horse would be much more suited to races over 1400m and beyond where it will have the opportunity to take up a forward positio
