S. Comments:Tightened for room shortly after the start. Stewards questioned apprentice H. English in relation to the horse's performance. Apprentice English advised that after beginning reasonably, the horse failed to muster the necessary speed to obtain a forward position, which she attributed to the horse racing greenly. She added that whilst on face value the run may have appeared disappointing, she felt the horse's work over the concluding stages of the event would suggest it would be better suited in races over a further distance than tonight's event. Stewards noted the explanation.

He added that from the 550m the gelding laid in for a short distance and when placed under pressure felt the horse came to the end of its run near the 150m, which he attributed to the horse racing first up from a spell tonight. A post-race veterinary examination revealed the gelding to be mildly lame in the near hind leg.

Lloyd indicated as the horse was having its first start and had not shown early speed in its barrier trial, he was instructed to settle his mount where comfortable and after travelling well responded to his riding in the home straight and was doing its best work over the concluding stages. A post race veterinary examination revealed signs of lameness in the near foreleg. A veterinary clearance will be required prior to next race start.

Woodhouse reported at scale that the gelding overraced in the early stages which he attributed to the horse racing in a forward position in today's event. He added that at the horse's previous start at Warwick the gelding began poorly and he was able to obtain a position with cover. A post-race veterinary examination revealed that the gelding had a poor post-race recovery.

When questioned as to the horse's performance, apprentice S. Apprentice Eilbeck added that over the concluding stages the gelding changed stride and dipped and for that reason she did not continue to pressure the horse. Vetted, no significant findings.
