The horse was ridden accordingly and, due to the slow pace set in the early stages, overraced badly and was restrained from heels on a number of occasions prior to the 800m and at that point shifted wider on the track and raced wide from that point onwards. A post-race veterinary examination revealed no significant findings and a swab sample was taken.

Added from that point on travelled reasonable but shortly after straightening when placed under pressure failed to respond and proved disappointing over the concluding stages. Further added that as the gelding was first up from a spell today it would benefit from the run.
