S. Comments:Was fractious in the barriers, examined by the Club's veterinary surgeon and cleared to take its place in the field. When questioned regarding his riding in home straight apprentice explained that shortly after straightening he was held up behind runners and unable to shift to the outside as he had progressed too far into the run and was continually disappointed when attempting a narrow run. Said that passing the 200 metres he angled his mount towards the outside however was again disappointed over the concluding stages when another runner had improved to his outside. Explanation was noted.
