S. Comments:After being crossed in the early stages, commenced to race keenly. When questioned about her riding rounding the home turn, in particular as to how the favourite and eventual winner was able to obtain a run to her inside. Jockey said that, although she was aware that she had the favourite to her inside, her mount was already under pressure at that point and was inclined to lay out under riding, resulting in her shifting wider on the track. Jockey was advised to ride her mounts in a competitive manner at all times and not leave herself open to query.

Comments:When questioned regarding the disappointing performance, Apprentice explained that after beginning only fairly she rode her mount along in the early stages in an attempt to obtain a prominent position, however when the pace slowed in the middle stages the mare commenced to over-race, was inclined to hang out and refused to settle. She said that when placed under pressure prior to straightening, her mount failed to respond and was disappointing. A post-race veterinary examination revealed the mare to have lost its near hind place and to have been galloped on.

Comments:When questioned regarding the disappointing performance of the mare, Jockey said that, despite being momentarily tightened for room in the early stages, his mount travelled comfortably throughout in a rearward position, however when placed under pressure rounding the home turn did not respond and was disappointing. A post-race veterinary examination of the mare did not reveal any abnormality.
