When questioned regarding the improved performance as compared to its previous start, trainer S. Royes stated that the horse was not suited by the pattern of racing at its last start when it raced back in the field and felt the gelding is much better suited when able to race in a forward position, which it was able to do today. Her explanation was noted. Ms Royes was advised that it would be expected for the horse to race in a similar pattern in future.

S. Comments:Jockey J. Oliver could offer no tangible explanation for the gelding's poor performance today. Trainer L. Hatch expressed disappointment in the performance, however he advised that, in his opinion, the horse's first up run was also only fair. Mr. Hatch added that prior to committing to where he will place the horse next, he will arrange for it to undergo an endoscopic examination and will report to Stewards should any abnormality become apparent. A post-race veterinary examination of the horse revealed no apparent abnormalities. A swab sample was taken from the gelding.

After beginning well, the mare was caught wide in the early stages and, as a result, was restrained to a position closer to the rail in the second half of the field.
