Ms Bell stated that no specific instructions were issued to Jockey Day, however if the horse was to race in the field he should pressure the mare and take up a forward position. Jockey Day said that the horse had been freshened up and that he placed the horse under pressure in the early stages and whilst he had not expected to lead, once his mount settled it raced comfortably.

| S. Comments:Difficult to load. When questioned as to the performance Jockey L Rolls stated that he anticipated settling in a handy position with cover however the gelding raced keenly in the early and middle stages which resulted in him settling closer to the speed than he would have liked. Jockey Rolls added that the gelding failed to respond to his riding over the final 400m and in his opinion was disappointing. A swab sample was taken. A post-race veterinary examination revealed the gelding to be lame in the near fore leg. |                 |     |      |     |                                       |
