S. Comments:Near the 900m was obliged to steady from the heels of CLICKETY CLICKS which, when racing keenly, shifted out marginally. Returned to the enclosure with blood in the nearside nostril. A post-race veterinary examination revealed the presence of blood in the left nostril as a result of making contact with the barriers. Trainer D. Murphy was also advised that an endoscopic examination would be required to be undertaken prior to the gelding's return to racing.

Put in some awkward strides rounding the home turn, shifted wider and then was eased down over the final 250m. A post-race veterinary examination determined that the filly may have a wind issue. Connections were advised that a veterinary clearance, including the results of an endoscopic examination, would be required, and that the filly must trial to the satisfaction of stewards, prior to returning to racing.

Chau reported at scale that after obtaining a position with cover in the early stages, he then received slight interference and as a result the mare over-raced badly and proved difficult to settle. He added that at a point leaving the 800m, he was obliged to shift out to avoid heels and as a consequence raced wide without cover for the remainder of the event.
