S. Comments:Stewards sought an explanation from L. Dittman regarding the reasons for his mount losing ground after passing the 900m, having obtained a favourable position behind the leaders. Jockey Dittman indicated that the horse became awkward and changed stride at that point, resulting in the filly losing ground and relinquishing its position behind the leaders. After viewing the patrol film with jockey Dittman, stewards were satisfied with the explanation.

S. Comments:Laid in at the entrance to the straight. When questioned regarding settling further forward today jockey R. Wiggins stated that from the wide barrier his mount was slow to begin and he rode it along with the intention of settling in a handy midfield position. R. Wiggins added that passing the 1100m it became apparent his mount was going to be caught wide outside a moderate tempo and he elected to allow it to stride forward and settle behind the leader. R. Wiggins added that he felt his mount is better suited being able to settle back off a genuine tempo.

S. Comments:When questioned as to the performance, Jockey M McGuren stated that based on the filly's previous form he anticipated today's distance of 900m being too short. However, after beginning well the filly was able to obtain a position on the speed but was disappointing in its failure to finish the race off over the final 400m. Jockey McGuren was of the opinion that the filly would derive a fitness benefit from today's race. A post-race veterinary examination revealed the filly to have a slow recovery rate.

S. Comments:Hung out from the 500m until entering the home straight, and whilst hanging out was forced wider on the track by another runner. When questioned as to the horse's performance, apprentice S. Eilbeck reported that the gelding never felt comfortable in its action throughout the event and when asked to improve into the race from the 600m commenced to hang out and shifted wider on the track. Apprentice Eilbeck added that over the concluding stages the gelding changed stride and dipped and for that reason she did not continue to pressure the horse. Vetted, no significant findings.

Mr Iverson added he may experiment with a tongue-tie in future starts and he was of the opinion that it may have got its tongue over the bit.

S. Comments:Rider questioned re tactics after beginning well was restrained to settle at rear of field. Stated from awkward barrier instructed to obtain cover back in field as had performed best when ridden in this manner. After making contact with BELLEVUE AVENUE near 1000m commenced to race keenly and was obliged to restrain to obtain cover, resulting in settling further back than anticipated. Then forced to race wide rounding home turn and in home straight where going was inferior however, doing best work over final 100m and may suit a step up in distance. Trainer confirmed instructions.

However, after beginning well the filly was able to obtain a position on the speed but was disappointing in its failure to finish the race off over the final 400m. Jockey McGuren was of the opinion that the filly would derive a fitness benefit from today's race. A post-race veterinary examination revealed the filly to have a slow recovery rate.

S. Comments:Began awkwardly. When questioned regarding performance of gelding, Jockey A. Coome stated that his mount had been disappointing and was obliged to race further back in the field than expected. He was surprised by the tempo of the race. He said that gelding failed to travel well early and middle stages, but had responded somewhat in the straight. He was of opinion that this may have been due to it being second-up today.

S. Comments:When questioned regarding the improved performance, trainer could offer no tangible explanation for the improvement. He indicated that the filly had been working well in the lead up to tonight's event, however there was no stable support for her. Jockey advised at scale that, in his opinion, the filly benefited from the removal of the blinkers tonight.
