S. Comments:Raced with its head in the air when being restrained in the early stages. When asked to comment on the horse's performance, J. Byrne indicated that at no stage did the horse travel comfortably, racing with its head in the air in the early stages and near the 850m, when following MOGUL, that horse shifted in and made contact with the running rail. He felt that this caused his mount to shy and lose ground and become very awkward in its action. He indicated that from that point onwards the horse did not respond to his riding and was very disappointing in the run to the line.

In this incident J. Byrne, the rider of BEATNIKS, made every effort to prevent his mount from shifting further. As a result of the tightening, LUCKY TOM clipped heels and blundered.
