Trainer A Willick stated that blood tests along with an endoscopic examination performed earlier this week were clear of irregularities and as such was unable to provide any tangible explanation for today's disappointing performance. She undertook to have further veterinary examinations and blood tests carried out in the days subsequent to todays event, the results of which will be reported to Stewards. Post-race vet exam – no findings.

Mr Kings explained that the gelding is better suited to today's distance of 2200m as it has raced well over this journey in the past, and instructed his rider to be patient today and make one run as the horse only possesses a short sprint.
