S. Comments:A post race veterinary examination of the horse, which raced in a handy position and weakened over the final stages and proved disappointing, failed to reveal any significant abnormalities. When questioned regarding the performance of the filly, rider T. Harrison explained that from the wide barrier today she had to apply a little more pressure in the early stages to obtain the lead than she would have liked, and during the race was slightly pressured by a runner to her outside. She further added that at its last start the filly obtained a soft lead on a tighter track without being pressured

Ljung advised that after being slow to begin the mare settled towards the tail of the field, and never travelled comfortably at any stage of the race. She added that when placed under pressure near the 700m the horse failed to respond to her riding and proved disappointing. Jockey Ljung went on to say that, in her opinion, the mare may not have backed up, having its third run in consecutive weeks.

Comments:When questioned regarding the tactics adopted in the early stages, Jockey S Bogenhuber stated that she was specifically instructed to lead on the basis that the gelding has never performed well when ridden with cover. Ms Bogenhuber added that for this reason she was reluctant to allow THE DANGER to cross forward of her in the early stages. Ms Bogenhuber further added that after THE DANGER was steadied leaving the 1200m she then attempted to reduce the tempo, however, the gelding continued to race strongly despite her efforts. Trainer C Cousins confirmed the instructions.
