Comments:When asked to comment on the performance, jockey M. A post race veterinary examination failed to reveal any significant abnormalities. Trainer's representative Mr M. Henderson indicated they would have veterinary tests performed during the week and would report back to stewards the results. He also added that, in his opinion, the horse may not have appreciated the soft racing surface.

A post-race veterinary examination of the filly revealed no significant findings other than a laceration below its jaw.
