S. Comments:Rider was questioned regarding his tactics adopted upon the horse and in particular, his reasons for restraining through the early stages after beginning well. Rider stated he was instructed to give his mount a squeeze from the start and settle in a one off position. After beginning well his mount did not possess sufficient speed to cross runners to his inside, and rather be caught three wide he elected to restrain to a one off position. Rider added the gelding only finished moderately in the straight. A post race veterinary examination revealed no obvious abnormalities.

Commenta lockey guestianed regarding riding where there appeared to	ha a run available to	him in the early stages of	of the straight. Stated that as specific

S. Comments: Jockey questioned regarding riding where there appeared to be a run available to him in the early stages of the straight. Stated that no specific instructions had been issued and he was able to find a favourable position from the awkward barrier. He said that when a run became available to him he was not able to take advantage of it as the horse was not advancing to do so and as a result from the 200m was held up and his mount went to the line untested. Trainer reported gelding had pulled up fine and intends to start Mackay 21/1.

S. Comments: Stewards asked rider A. Butler to comment on the below-market performance. He stated that after beginning awkwardly the mare put in a few awkward strides and as a result settled further back than he had anticipated. He added that the mare was only having its second start in a race and that was after having nearly a year off from racing. He further stated that the mare would take fitness and racing experience for the run. A post race veterinary examination failed to reveal any significant abnormality.

S. Comments: When questioned regarding the horse's performance, jockey stated that his mount had begun well, however was not able to take up a forward position and given the horse was back in distance, he was of the opinion that it failed to travel well throughout, however from the 500m was able to make up ground. Trainer advised that he was satisfied with the performance, given the drop back in distance to the 1050m today and the outside barrier. A post-race veterinary examination revealed no abnormalities
