S. Comments:Stewards questioned apprentice M. McGillivray regarding the tactics adopted today which was to lead in the early stages when the horse has not previously led. He indicated pre-race the plan was to attempt to secure cover preferably in a midfield position, however after beginning well it became apparent he would be caught wide he then elected to ride forward to secure a position closer to the fence. He added that the horse was having its first start over 1600m and the mare raced keenly in the middle stages. Stewards accepted the explanation.

He then felt that when the favourite improved to the outside he would be better served holding the position to the inside.P Duff confirmed indicated he was disappointed with the horse and would now step the horse up over 1400m where the gelding may be able to obtain a forward position more easily.He added that KING OF THE CASTLE had trialled during the week and, in hindsight, this may have left the horse a little flat.

Improved on to the heels of another runner near the 1300m and lost ground. Jockey K Yoshida reported that as a result of meeting interference on two occasions during the event his mount was shuffled further back in the field then he had anticipated in running however when able to obtain clear running in the home straight ran on fairly.

S. Comments:Trainer B. Wakefield stated no specific instructions issued to the rider other than to seek cover and attempt to race midfield from its wide barrier being the gelding's first start over this distance. Rider B. Grylls said her mount raced keenly early and she was unable to place it in a position with cover and elected to race near the tail of the field. She added that when the pace steadied near the 1300m the gelding settled and from that point on she had a trailing position, however she was forced to race wide after leaving the 600m. Goltz stated that the mare never travelled throughout the event and he felt that something may have been amiss and for this reason he didn't place the horse under any real pressure in the home straight. A post-race veterinary examination revealed lacerations to the offside stifle and the inside of its offside hock as well as a slow recovery rate.

Jockey Wiggins stated that his mount has shown an inclination in the past to hang in when ridden behind runners and for this reason he improved to the outside of SEQUALEX and similarly to when it was successful at its most recent start, he commenced to ride forward from the 600m.
