A post-race veterinary examination revealed mild lameness in the off foreleg, and a swab sample was taken. Trainer M. Dunn reported that the horse would now be sent for a spell. Mr Dunn was advised that he must produce a veterinary clearance for the gelding prior to its next start.

Trainer J. McLachlan was reminded of his obligations to ensure that his runners remain on course for the prescribed period following an event. Mr McLachlan indicated that he may experiment with the addition of a tongue tie to the horse's gear at its next start.

He then had to pressure the horse in the early stages to remain in contact with the rest of the field and felt then that the horse travelled well until being asked for an effort rounding the home turn, however the horse did not quicken as he would have liked, however over the final 250m the horse was doing its best work, and he was obliged to steady over the concluding stages after improving on to heels.

Lloyd stated that his mount was slow to begin and tightened between runners shortly after and consequently was obliged to settle at the rear of the field. J. Lloyd stated that he was unable to improve from the 600m to approaching the home turn when held up on the heels of runners in advance of his mount. J. Lloyd stated that when his mount obtained clear running at the entrance to the straight it was unable to run down the leaders from its rear position.

Rider indicted the horse travelled well until the 600m but was then under pressure, weakening badly over the final 400m. Trainer indicated that the disappointing performance may have been as a result of the horse having its first start over 1600m on a soft racing surface, but was unable to loss to explain the performance.
