S. Comments:Slow to begin. Questioned re tactics rider stated that from his wide barrier and with the colt wearing blinkers again today, his instructions were to be in a forward position. He said that, after being slow to begin, he rode along, where the colt commenced to overrace in the early and middle stages and consequently he was obliged to allow the horse to stride forward and lead. Trainer agreed that the colt overraced in blinkers and indicated he would consider removing this gear and adding winkers. Vet exam revealed showing signs of respiratory distress and had abraded near hind bumper.

commenced to lay out from that point onwards, and was disappointing over the concluding stages. Trainer stated gelding had worked well leading into today's

event and was at a loss to explain the performance. She added she would monitor the geldings progress and advise stewards if anything should come to her

attention that may have affected the horse's performance. A post-race veterinary examination of the gelding , revealed that it was slightly stepping short
