 S. Comments:Fractious in the barriers, then began awkwardly, losing ground. A post-race veterinary examination revealed no significant findings. A. Spinks was questioned regarding the horse's disappointing performance. Jockey Spinks stated that after losing ground at the start he contemplated settling towards the rear of the field, however as the speed was only slow in the early stages he elected to improve forward to obtain a forward position as instructed. He added that after travelling well in the middle stages the gelding was under immense pressure from the 700m and proved disappointing.

S. Comments:Raced with its head in the air when being restrained in the early stages. When asked to comment on the horse's performance, J. Byrne indicated that at no stage did the horse travel comfortably, racing with its head in the air in the early stages and near the 850m, when following MOGUL, that horse shifted in and made contact with the running rail. He felt that this caused his mount to shy and lose ground and become very awkward in its action. He indicated that from that point onwards the horse did not respond to his riding and was very disappointing in the run to the line.
