S. Comments:Stewards asked apprentice A. Sewell to comment on the horse's performance. He indicated that he had been instructed to ride the horse in the second half of the field as the filly was having its first start over 1600m. He indicated that the horse began well and if not for the instructions he would have liked to position more forward, however he elected to take hold and settle at the tail of the field. He indicated that the horse finished the race off strongly. He further added that had he drawn an inside alley, the horse would have taken up a more forward position.

He indicated after beginning well he took hold as he had been instructed to obtain a position behind the lead with cover. He was happy with the position he obtained approaching the first turn and when MORION improved past his mount approaching the 600m he considered shifting to a position behind that runner, however he did not feel his mount was travelling well enough and he was also of the view he would obtain a run to the inside of that horse when rounding the home turn.
