Trainer A Willick stated that blood tests along with an endoscopic examination performed earlier this week were clear of irregularities and as such was unable to provide any tangible explanation for today's disappointing performance. She undertook to have further veterinary examinations and blood tests carried out in the days subsequent to today's event, the results of which will be reported to Stewards. Lloyd said connections wanted to race off the pace, but the gelding overreacted when being steadied shortly after jumping and got its head up and got further back than they had anticipated. He said he was inconvenienced severely when another runner broke down, resulting in him having to take evasive action passing the 600m. He added that he then rode the gelding along in the straight, but it failed to respond and he was not entirely happy with its action so he eased it down in the latter stages. Orman stated that after almost being dislodged at the start he was obliged to settle further back than he expected. He added that, in his opinion, this had a bearing on horse's overall performance and would be better suited when able to settle further forward. A post race veterinary examination failed to reveal any significant abnormalities.

S. Comments:Slow to begin. J. Lloyd said connections wanted to race off the pace, but the gelding overreacted when being steadied shortly after jumping and got its head up and got further back than they had anticipated. He said he was inconvenienced severely when another runner broke down, resulting in him having to take evasive action passing the 600m. He added that he then rode the gelding along in the straight, but it failed to respond and he was not entirely happy with its action so he eased it down in the latter stages. Vetted, lame in the near foreleg. Veterinary clearance prior to racing again.

S. Comments:After being caught three wide joint leader approaching the winning post on the first occasion, was allowed to stride forward to obtain the lead passing the 1500m. Laid out passing the 500m. Slightly hampered between runners passing the 200m. A post-race veterinary examination revealed the filly to have sustained superficial lacerations to the near hind hock, consistent with being galloped on. The filly was treated and banded prior to leaving the course.

S. Comments:Connections advised that the filly would be ridden further back in the field. The horse settled in a midfield position. Apprentice J. Murphy reported that he felt the horse travelled well throughout the event, however was disappointing when placed under pressure in the home straight. Trainer T. Pike's stable representative confirmed the stable's disappointment in the performance and advised that they would report anything that comes to light in the coming days and also report what their intentions are with the horse's current preparation. Lost near hind plate in running. Vetted, no abnormality
