Comments:When afforded the opportunity to comment on the horse's performance, jockey stated that after being crossed, his mount raced further back in the field than he would have liked and only travelled reasonably throughout the event and was doing its best work over the concluding stages. He added that in his opinion the colt would appreciate a step up in distance in future races.

S. Comments:He explained that he rode his mount hard in the early stages in an endeavour to comply with instructions and take up a handy position, however, after doing so he was aware that a number of runners to his outside were showing superior speed and as he was concerned he was making too much use of his mount, he therefore elected to steady and allow runners to cross. He said when crossed by SUPER MARS, that horse then steadied, resulting in him being placed one position further back than he had anticipated. He added that from the 500m to the 400m he was held up behind runners and could not improve

S. Comments:Questioned re: actions in locking back over shoulder on two occasions. Rider advised horse had been slow to begin and expected to settle midfield. Therefore, surprised when jumped well and found itself in lead. Had a look near the 700m when one of the two expected leaders improve to his outside. Then had another look near the 400 to ascertain if he could shift out across the heels of runner outside of him but was unable to do so when other runner commenced to improve to his outside. Stewards noted explanation but expressed their concerns and advised jockey not leave riding open to question.
