S. Comments: When questioned regarding the poor performance of the mare, Jockey stated that instructions were to ride the mare in a rearward position, in accordance with its established racing pattern. He said that whilst racing at the tail of the field he was caught 3 wide when the mare pulled hard and refused to settle. He added that he was then obliged to race in that position throughout and when placed under pressure after straightening for home the mare failed to respond to his riding and was disappointing. A post-race veterinary examination revealed no abnormalities.

S. Comments:Questioned re the performance, rider stated that his mount began well and established the lead quickly, added that his mount raced keenly in the early and middle stages and was under pressure from the 700m to maintain its position, also stated his mount failed to sprint in the straight and was disappointing. Trainer reported in the days subsequent that the mare had pulled up well and that he would add a tongue tie to its gear as he suspects it may have got its tongue behind the bit during the event. A post race vet exam did not reveal any abnormality.

S. Comments: Jumped awkwardly and lost ground. T. Harrison reported at scale that her mount was most disappointing and in her opinion may not have backed up from its start on 6 May. Trainer M. Mair agreed that the performance was disappointing and said that he would have blood tests carried out on the horse, the results of which he would report to stewards. He added that he would give consideration to sending the horse for a spell. A post-race veterinary examination revealed no significant findings.
