S. Comments:Rider explanation re disappointing performance - rider stated had to ride aggressively early stages from the wide barrier to take up a forward position and the horse travelled comfortably in the middle stages but when pressured soon after straightening did not respond to his riding. Trainer confirmed gelding will be sent for an immediate spell. Vetted - no abnormalities. Trainer later reported horses had be found to be suffering from a virus which may have explained poor performance.

Held up rounding the home turn and in the straight until approaching the 200m when tightened for room and restrained. Inquiry re performance. Apprentice L. Ljung stated that after beginning awkwardly the mare never travelled comfortably throughout the race, however when asked for an effort leaving the 400m, did make some ground in the home straight but was nevertheless disappointing. A post-race veterinary examination revealed the mare to be lame in the off hind leg. Trainer S. Iverson was advised that he must provide a veterinary clearance prior to the horse starting again.

Intentions was to trail PROFILER and then shift wider rounding home turn. Gelding over-race and near 600m checked when placed in restricted room to inside of PROFILER. Took a number of strides to regain balance and was unable to improve when continually placed in restricted room to inside of PROFILIER until near 400m when uable to place gelding under pressure however, it failed to respond as expected and proved dissapointing.
