S. Comments:When asked to comment on the performance of his mount, which he indicated was disappointing, stated that the horse settled at the rear of the field, as is its recent pattern, and despite travelling comfortably throughout did not respond to his riding and was very disappointing in the run to the line. He could not offer any tangible explanation for the performance other than to state that carrying 60 kilograms may have had some bearing. A post race veterinary examination failed to reveal any significant abnormalities and a swab sample was taken.

S. Comments:Rider stated after being wide early attempted to obtain cover but unable to do so and it then hung outwards abruptly near the 800m and proved difficult to control and as such eased it out of race. Stated at previous runs able to obtain cover and believed that racing on outside on this occasion may have contributed to the gelding hanging outwards. Trainer advised gelding had shown tendencies to be field shy previously and with no cover outside may have contributed to it hanging outwards. Vetted - sore off fore fetlock.

S. Comments:Raced wide without cover for the majority of the event. Stewards questioned App. T. Williams in regards to the tactics in the early and middle stages and as to the reasons she left a three wide position with cover near the 800m to improve wider on the track. Ms Williams stated that after obtaining cover and being crossed by LILIERO, her mount was inclined to race keenly and as a result she elected to shift wider on the track and improve forward. Stewards advised Ms. Williams that she had erred at this stage of race and should have made a greater effort to maintain her position with cover.
