S. Comments:When asked to explain the horse's performance, rider J. Lloyd stated that the gelding had a tendency to hang out throughout the race and never travelled comfortably at any stage and when placed under pressure in the home straight failed to run on and in his view was very disappointing. A post-race veterinary examination revealed mild lameness in the off foreleg, and a swab sample was taken. Trainer M. Dunn reported that the horse would now be sent for a spell. Mr Dunn was advised that he must produce a veterinary clearance for the gelding prior to its next start.

Questioned re performance - jockey stated suffered minor interference near 1000m and dropped the bit and had to constantly urge along in middle stages to maintain midfield position. Then inclined to lay out rounding the home turn and down the straight and weakened on its run to the line. Felt filly failed to run out the 1400m journey.

S. Comments:Questioned re tactics - rider stated intention was to find cover however after beginning well the horse mustered speed quickly and found itself in the lead. As no other runner applied pressure he was content to remain in the lead. Trainer confirmed instructions and noted at last start horse at begun awkwardly from wide barrier and was forced to race at back of field, as such was not totally disappointed in that performance. Thought horse appreciated freshen up between last 2 starts. Explanation noted.

S. Comments:Rider stated he was instructed to put the horse in a forward position, however after urging his mount forward out of the barriers, it did not muster speed and, in his view, was not comfortable in the rain affected conditions. He added that from the 600m, the horse hung in, causing him to put the whip in his right hand shortly after entering the home straight. Despite this, the gelding continued to lay in under pressure and was doing its best work over the concluding stages.

He said the horse travelled only reasonably throughout and when placed under pressure ran on only fairly. S. Comments:When questioned regarding the improved performance, trainer explained that the gelding sweated up badly prior to its last start at Toowoomba, which he felt explained the below average performance that day. Wiggins was questioned regarding his riding tactics and the reason for him shifting to the outside of the heels of SEQUALEX passing the 800m, and soon afterwards applying pressure to his mount and sustaining that pressure from the 600m. Jockey Wiggins stated that his mount has shown an inclination in the past to hang in when ridden behind runners and for this reason he improved to the outside of SEQUALEX and similarly to when it was successful at its most recent start, he commenced to ride forward from the 600m. Stewards noted his explanation.

S. Comments:When questioned apprentice rider advised stewards that after beginning well she elected to restrain her mount after being caught wide in the early stages of the event to a position closer to the rails in a rearward position, which was in accordance with its established racing pattern. She added she was satisfied with her position throughout the event as she was trailing the eventual winner, however when it improved into the race near the 600m she was unable to quicken with that horse and, in her opinion, the mare raced somewhat flat today.

S. Comments:Shifted out when weakening soon after straightening. Questioned riding tactics adopted early and middle stages rider explained he was instructed to ride the gelding where it was comfortable and was advised not to overly restrain horse as it has resented this in the past. Rider added he was unable to obtain cover leaving the 1000m and soon afterward the pace steadied and GENTLEMAN JACK commenced to overrace and for this reason he allowed the horse to stride forward. Rider further added gelding was under heavy pressure approaching the home turn and weakened badly in the home straight.

S. Comments:Shifted wider on the track to improve when the pace steadied after passing the 1800m and took up a position outside the lead passing the 1400m. Laid in under pressure in the home straight, causing its rider to stop riding and straighten on a number of occasions.
