S. Comments:Began awkwardly, lost ground and as a result settled further back in the field than anticipated. When questioned as to the horse's seemingly disappointing performance, J. Lloyd advised that the horse is best suited when able to lead in its races or when racing to the outside of other runners and for that reason, in his opinion, the horse missing the start and being forced to obtain inside runs in the home straight were the major contributing factors to the horse's poor performance today. Stewards noted the explanation.

Rider questioned regarding performance and reason for easing horse in home straight. Refer Stewards Report. A post-race veterinary examination revealed no significant findings apart from a laceration inside the off fore cannon. Mr Edmonds was advised that if there was anything amiss with the mare on return to his stables he should inform stewards otherwise the mare will have to trial.

S. Comments:Blundered at start. Questioned re tactics. Rider stated instructions were to take up a forward position. After travelling a short distance after start it was evident to him he would be unable to obtain a position with cover. Therefore when racing wide he elected to stride forward to comply with instructions. When striding forward he was of view runners to his inside were looking to improve and he made decision to improve quickly to obtain outright lead.

S. Comments:D. Browne said that he attempted to secure cover in 5th or 6th position and when unable to do so he was obliged to allow the horse to stride forward to a position outside the lead closer to the rail near the 600m. He added that in his opinion, whilst this had some bearing on the horse's performance, he felt that the horse did not race comfortably in the rain-affected conditions as when placed under full pressure it failed to respond.
