Furthermore, if able to lead and obtain cheap sectionals then increase tempo leaving 600m. Added unable to cross DYNASTIC in early stages, which resulted in him racing to outside and forward of that runner in early and middle stages. Added leaving 600m failed to respond to his riding as expected and displayed a tendency to hang in in home straight. Trainer confirmed instructions.

S. Comments:Trainer questioned re improved performance - explained at previous start drew wide and in an attempt to obtain cover had to go further back than they would have liked and in a slowly run race made it very hard to make up ground over concluding stages. Of the view run was better than it looked and today being in 900m race felt speed would be on and drew a better barrier, which aided being in a better position. Added gelding handles heavy track conditions and gave it a reasonable change of winning today. Stewards noted explanation.

S. Comments:Stewards inquired into the performance of the horse. Trainer's representative Mr Michael Morrison was interviewed. He indicated following the horse's last start in January blood tests had been performed and prior to the horse being sent for a spell. Stewards adjourned the inquiry for a report of these blood tests to be supplied to stewards in the coming days. Stewards advised Mr Morrison that the horse would be required to trial satisfactorily prior to racing again as it had been uncompetitive in today's event. A post race veterinary examination reveal no abnormality.
