In Running: /11/9

S. Comments:Raced greenly in the early stages and commenced to hang out from the 700m. Obligated to steady and shift out to avoid the heels of a weakening runner near the 300m. When asked to comment on the performance jockey Fradd indicated he would have liked to have been positioned closer to the lead, however despite pressuring the horse in the early stages it did not muster any speed. He added the horse raced very greenly throughout the event. In his opinion, the horse was doing its best work over the concluding stages, would benefit with a step up in distance when able to settle in a more forward

Near the 1200m shifted wider on the track to improve to secure a position running second on the fence at a point passing the 1000m. A post race veterinary examination revealed the horse had an abrasion to the off-side hip consistent with having made contact with the barrier partition.

S. Comments:Slow to begin. J. Lloyd said connections wanted to race off the pace, but the gelding overreacted when being steadied shortly after jumping and got its head up and got further back than they had anticipated. He said he was inconvenienced severely when another runner broke down, resulting in him having to take evasive action passing the 600m. He added that he then rode the gelding along in the straight, but it failed to respond and he was not entirely happy with its action so he eased it down in the latter stages. Vetted, lame in the near foreleg. Veterinary clearance prior to racing again.		In Running: /12/11

S. Comments:During early stages when being restrained to obtain cover commenced to over-race, shifted in abruptly. When questioned as to disappointing performance, Jockey D Griffin explained the mare had a tendency to race keenly early. He added that after settling well and having a favourable run through the middle stages, was under extreme pressure from the 600m and proved very disappointing. His opinion would be better suited to races over a shorter distance. Post-race vet. ex. revealed a slower than normal recovery rate.

S. Comments:Questd disappointing performance. Jockey stated travelled well after having a favourable run throughout, however, when approaching the home turn and racing tight to the inside of another runner, felt it resented racing in this position. Recommended the addition of blinkers. Indicated gelding would be better suited when able to improve to outside of runners wider on track. Post-race vet exam failed to reveal any abnormalities. Swab sample taken. Trainer L Kelly stated disappointing performance may have been firm track conditions and would be sent for immediate spell.

S. Comments:Jockey R Plumb reported the gelding failed to travel comfortably at any stage and was disappointing in its performance. Trainer A Willick stated that blood tests along with an endoscopic examination performed earlier this week were clear of irregularities and as such was unable to provide any tangible explanation for today's disappointing performance. She undertook to have further veterinary examinations and blood tests carried out in the days subsequent to today's event, the results of which will be reported to Stewards. Post-race vet exam - no findings.
