S. Comments:Blundered on jumping. Near 1400m steadied. Questioned re tactics, lack of vigour between 600m and 400m. Rider - mount travelled only failly on heavy track and in horse's best interest to keep it travelling on the bridle to give it every chance of finishing off the race. Placed under pressure rounding home turn at which point it finished off the race better than expected. Conceded that had he known horse would let down well in heavy conditions should have improved earlier than he did. Noting horse had failed in heavy conditions previously stewards advised rider not to leave riding open to query.

Rolls stated that it was his intention to ride the horse in a more forward manner, however after it began awkwardly he was obliged to ride the horse back in the field. He added that his momentum was impeded rounding the home turn and once switched to the outside, the horse found the line well. Stewards noted his explanation. Lost its near fore plate in running.

Began fairly from wide barrier, failed to muster speed to obtain forward position, forced to race wide without cover. Failed to respond to riding upon straightening and peaked on run over final 100m. First start in 2 yrs, with wide run, may have lacked condition and would take fitness benefit. Trainer confirmed instructions, expected to lead easily based on trial performance. Agreed wide run after lengthy spell may have contributed to poor performance. Post-race vet, no abnormalities
