S. Comments:A post-race veterinary examination revealed that the gelding, which had to be restrained out of the race by its rider, had bled from both nostrils during running. Stable representative was advised that, as this was the first time the gelding had bled, it will be barred from racing for 3 months under A.R. 53A, and then only after a satisfactory gallop of at least 1000 metres in the presence of a steward.

S. Comments:Obliged to steady away from heels near the 1800m. Jockey then elected to push forward to take up a position in the lead near the 1500m. When questioned regarding the reason for him shifting off the fence when leading from the 600m, Jockey explained it was his intention to shift wider approaching and rounding the home turn as it was his view that when the rail was in the true position racing towards the middle of the track is more advantageous. Stewards noted the explanation.			In Running: 1/1/2

S. Comments:On returning to scale rider reported that it was his intention to lead tonight's event, however due to the early tempo he was unable to assume this position but nevertheless settled on the pace. Rider added that when the pace of the race quickened near the 700m the gelding came off the bit and failed to quicken and proved disappointing over the concluding stages. Trainer agreed that the horse's performance tonight was disappointing and added that he will now review the gelding's current preparation. Vetted, no abnormalities.
