He indicated that the horse finished the race off strongly. He further added that had he drawn an inside alley, the horse would have taken up a more forward position.

S. Comments:Underwent a veterinary examination prior to the start of this event and was cleared to race. Slow to begin. When asked to comment on the performance, jockey J. Lloyd indicated as the horse was having its first start and had not shown early speed in its barrier trial, he was instructed to settle his mount where comfortable and after travelling well responded to his riding in the home straight and was doing its best work over the concluding stages. A post race veterinary examination revealed signs of lameness in the near foreleg. A veterinary clearance will be required prior to next race start.

He said that he instructed the rider to attempt to settle the mare off the speed with cover, which he believed would allow the mare to finish the race off. Stewards advised Mr Dunn that if it was his intention to change the tactics which had been adopted at recent starts, he was obliged under the rules of racing to notify stew

He added that he could offer no tangible explanation for the horse's poor performance and suggested to connections that the gelding may be better suited in races over a greater distance than today's event. Trainer could offer no explanation for the performance, however advised that it would be his intention to step the horse up in distance and undertook to report to stewards anything that comes to light which may have had an effect on the performance.

S. Comments:After dislodging the rider en route to the barriers, the filly jumped the false rail near the 1350m chute, was quickly recaptured, inspected by the veterinary surgeon and passed fit to race. Co-trainer P. Hulbert was questioned regarding the horse's improved performance. He stated that at its previous start the filly did not run on after travelling well and he was of the opinion that it may not have appreciated the track conditions on that occasion. He added that the filly is better suited on rain-affected tracks.
