When questioned regarding the performance of the gelding, which performed below market expectations, Jockey explained that gelding raced greenly throughout, had to be continually steadied off the heels of runners in front, and when placed under pressure in the straight failed to respond and was disappointing. A post-race veterinary examination revealed that the gelding was lame in the off foreleg. Trainer since reported that gelding underwent surgery to remove bone chips from its off fore knee.

S. Comments:Stewards questioned apprentice in relation to her riding tactics. Apprentice advised that the mare had not jumped well and shortly after the start had to be restrained when crowded between runners and as a result the mare raced ungenerously to the 600m and was reluctant to stretch out despite her urgings. She added that at the 600m, when it was able to get on terms with another runner, the mare raced more generously. She further added that the mare was also held up for clear running rounding the home turn, but once able to obtain clear running, ran home strongly.
