

1. BACKGROUND

Racing Queensland (“**RQ**”) is the control body for the thoroughbred, harness and greyhound codes of racing under the Racing Act 2002 (“**Act**”).

The Act empowers RQ to encourage and facilitate the development of ancillary racing activities for its codes of racing, including the training of animals. RQ is also responsible for determining the suitability of venues to conduct racing activities.

Under the Local Rules, all Public Training Tracks must be registered with RQ and operated by a Training Track Operator in accordance with registration requirements.

2. PURPOSE

The purpose of this Greyhound Public Training Track Registration Procedure (“**Procedure**”) is:

- (a) to outline the processes adopted by RQ to manage applications received for the registration of Public Training Tracks under the Local Rules; and
- (b) to set out the conditions that will apply to Public Training Tracks registered by RQ under the Local Rules.

3. SCOPE

This Procedure applies to the greyhound code of racing.

This Procedure applies to all Training Tracks in Queensland other than Private Training Tracks and Licensed Venues (“**Public Training Tracks**”).

This Procedure does not apply to the licensing of participants or registration of greyhounds. Any such matters are to be dealt with exclusively by the Queensland Racing Integrity Commission (“**QRIC**”) in accordance with the licensing scheme published by the QRIC for the greyhound code of racing under section 64 of the Racing Integrity Act 2016 (Qld).

4. REGISTRATION CATEGORIES

Under the Local Rules, a Public Training Track may be registered by RQ as either a ‘Category 1 Training Track’, a ‘Category 2 Training Track’ or a ‘Category 3 Training Track’. The specific requirements applicable to each of these categories are set out in the Operating Guideline.

In deciding a relevant application, RQ will consider the suitability of the Public Track to be registered under this Procedure, taking into account the matters set out in this Procedure and the Operating Guideline.

As part of RQ's assessment, RQ will carry out an initial inspection of the Public Training Track to evaluate whether it complies with the Operating Guideline in accordance with section 6.7 ("**Initial Inspection**").

5.5. Timeframe for Assessment

RQ will endeavour to complete the assessment of an application to register a Public Training Track in a timely manner and, in general:

- (a) the length of processing time will be determined by the category of registration applied for, the level of assessment required to make the decision, the location or accessibility of the Public Training Track, and any other relevant factors; and

The Operating Guideline may be amended from time to time by RQ. The latest version of the Operating Guideline can be accessed via the RQ website at

<https://www.racingqueensland.com.au/greyhound-public-training-track>.

6.8. Inspections (and Inspection Notices)

It is a condition of registration of a Public Training Track under this Procedure that RQ may, from time to time and without being required to give notice, inspect the Public Training Track to determine whether it:

- (a) is being used in a manner that is consistent with the application made to RQ under this Procedure;
- (b) complies with the Operating Guideline; and/or
- (c) is otherwise suitable to be registered under this Procedure.

Accordingly, the Applicant consents to RQ carrying out an inspection for the above purposes and agrees:

- (a) to allow RQ officials to access and inspect the Public Training Track at any time, including for the purposes of conducting the initial inspection at section 5.4 of this Procedure;
- (b) to not do anything that would prevent RQ from accessing or inspecting the Public Training Track; and

- (c) if requested, to provide such assistance and information as RQ may reasonably require to determine the suitability of the Public Training Track to be registered under this Procedure.

Following any inspection conducted by RQ in accordance with this condition, RQ may, in its sole discretion, issue the Applicant with a written notice stating any non-compliance with the Operating Guideline, or the conditions of registration of the Public Training Track, and the Applicant must remedy the relevant non-compliance/s within the timeframe stated in such notice (“**Inspection Notice**”).

The Applicant further agrees to allow officers of the QRIC to access the Public Training Track from time to time for any authorised purpose under the Racing Integrity Act 2016 (Qld) or the Rules of Racing.

6.9. Surveillance

It is a condition of registration of a Public Training Track under this Procedure that RQ may require the Applicant to install and manage surveillance equipment at the Public Training Track (in such manner as may be directed by RQ).

- (c) that RQ may share any footage obtained by the surveillance equipment with the QRIC or any other statutory authority (including but not limited to the Queensland Police Service) for any legal purpose.

The costs relating to any installation and ongoing maintenance of surveillance equipment in accordance with this condition will be borne by RQ.

6.10. No Warranties

It is a condition of registration of a Public Training Track under this Procedure that RQ does not warrant the suitability or otherwise of the Public Training Track or the Training Track Operator and registration of the Public Training Track is not express or tacit approval or acknowledgement by RQ as to the suitability or otherwise of them.

6.11. Risk

It is a condition of registration of a Public Training Track under this Procedure that the use of the Public Training Track is undertaken strictly at the risk of the user. Any disputes arising in relation to the use of the Public Training Track are matters strictly between the Applicant and the user (and, where applicable, the Training Track Operator).

6.12. Additional Conditions

It is a condition of registration of a Public Training Track under this Procedure that RQ may, in its absolute discretion, amend or impose additional conditions on the registration of a Public Training Track from time to time and will set any amended or additional conditions out in any updated Registration Certificate issued by RQ to the Applicant (which will supersede any previous Registration Certificate relating to the Public Training Track).

7. REVIEW OF REGISTRATION

7.1. Grounds for Review

RQ may conduct a review of the registration of a Public Training Track at any time to consider whether it continues to be suitable to be registered for the purposes of this Procedure and may, as a result of that review, decide to take action in relation to the relevant registration.

Without limitation, RQ may decide to take action in relation to the registration of a Public Training Track where:

- (a) any one (1) or more non-compliances identified in an Inspection Notice issued under section 6.8 have not been remedied within the timeframe stated in that notice;
- (b) the facility is subject to an investigation in relation to a potential breach of the Act, the Racing Integrity Act 2016 (Qld), or any animal welfare offence;
- (c) a risk to the safety of persons, or the welfare of animals, is identified at the facility;
- (d) the Applicant is otherwise in breach of this Procedure or a condition applying to the registration of the Public Training Track and:
 - (i) the Applicant has not rectified that breach within the timeframe set out in a relevant notice issued by RQ; or
 - (ii) in the reasonable opinion of RQ, that breach is unable to be rectified.

7.2. Show Cause Notice

Following a review conducted by RQ in accordance with section 7.1, and before RQ decides to take action in respect to the registration of a Public Training Track, RQ will issue a notice to the Applicant requiring them to provide written representations as to why the registration of the Public Training Track should not be suspended, cancelled or have conditions imposed within a specified timeframe (“**Show Cause Notice**”).

7.3. Outcome of Review

After considering any written representations provided by the Applicant in response to a Show Cause Notice within the timeframe set out in the notice, RQ may decide to take any of the following actions in respect to a relevant registration:

- (a) suspend the registration for a period;
- (b) cancel the registration;
- (c) impose conditions on the registration; or
- (d) provide a formal written warning.

RQ will give written notice to the Applicant of a decision made under this section as soon as reasonably practicable. Any such decision will take effect from the date specified in the written notice.

RQ may notify the QRIC of any action taken, or proposed to be taken, in respect to a relevant registration in accordance with this section.

7.4. Immediate Suspension

Notwithstanding anything else contained in this section 7, RQ may immediately suspend the registration of a Public Training Track where:

- (a) RQ considers that the Applicant is in breach of a condition of registration of the Public Training Track; and

- (b) RQ considers that the circumstances giving rise to the breach are so extraordinary that it is imperative to suspend the registration to ensure:
 - (i) the safety of persons, or the welfare of animals; or
 - (ii) the public interest in the code of greyhound racing is not adversely affected.

An immediate suspension will operate from the time RQ gives written notice to the Applicant of the immediate suspension (together with a Show Cause Notice) and will continue to operate until the review process under this section 7 has been completed.

8. REGISTRATION PERIOD, RENEWAL AND SURRENDER

8.1. Registration Period

The registration of a Public Training Track under this Procedure will be valid from the date of registration set out in the Registration Certificate, until:

- (a) 12-months has passed since the date of registration (unless RQ grants a temporary extension period by notice to the Applicant in writing, in which case the registration will be valid until the end of the temporary extension period);
- (b) the registration of the Public Training Track is cancelled by RQ in accordance with section 7;
- (c) the Applicant loses their entitlement to use the Public Training Track as required under section 6.4; or
- (d) the public liability insurance policy as required under section 6.5 expires (including if cancelled, voided or amended in such a way as to no longer satisfy the requirements of that section) and the Applicant has not provided RQ with an updated certificate of currency in accordance with that section,

whichever occurs first.

8.2. Renewals

An Applicant may apply to renew the registration of a Public Training Track before the expiry of the Registration Period by:

- (a) completing the Application Form and submitting it to RQ (either by email at clublicensing@racingqueensland.com.au or by any other means approved by RQ);
- (b) paying any fee/s determined by RQ to be payable in respect of the renewal application;
- (c) providing any information and/or supporting documentation requested by RQ in relation to the renewal application; and
- (d) complying with any other procedures put in place by RQ in respect of the renewals process.

RQ will assess a renewal application in the same manner as provided in this Procedure for the assessment of a registration application in section 5 (including by conducting an Initial Inspection).

Upon successful renewal of the registration of a Public Training Track in accordance with this section, RQ will issue the Applicant with an updated Registration Certificate which will supersede any previous Registration Certificate issued to the Applicant in respect to the Public Training Track.

For the avoidance of any doubt, RQ may, in its sole discretion, decide to amend or impose additional conditions on the registration of a Public Training Track prior to renewing a relevant registration under this section.

8.3. Surrender

An Applicant may, at any time prior to the expiry of the Registration Period, provide RQ with a written notice requesting to surrender the registration of a Public Training Track.

Where RQ receives a written notice in accordance with this section, RQ will remove the Public Training Track from RQ's Training Track Register and notify the Applicant of this removal in writing.

A request to surrender the registration of a Public Training Track will not terminate any inspection commenced by RQ or the QRIC into the Public Training Track. Where RQ believes the registration has been surrendered to avoid any action being taken against by RQ or the QRIC, whether in relation to the Public Training Track or otherwise, RQ may refuse to process the surrender request until a satisfactory resolution of all outstanding matters has been achieved.

9. REGISTER OF PUBLIC TRAINING TRACKS

RQ will maintain and publish a register of Public Training Tracks that are currently registered by RQ, containing such details as RQ considers appropriate ("**Training Track Register**").

The Applicant must notify RQ in writing within seven (7) days of any changes to the details contained on the Training Track Register, providing supporting evidence to verify such changes.

10. NO TRANSFER

A Registration Certificate issued by RQ to an Applicant under this Procedure is personal to the Applicant.

The registration of a Public Training Track cannot be transferred to another person or entity and cannot be transferred to another facility or venue.

11. RIGHTS OF REVIEW

If an Application for registration is rejected by RQ, or RQ decides to take action in relation to a relevant registration in accordance with section 7 (other than a decision to give a formal written warning), the Applicant may apply to RQ for a review of the decision.

An application for review must be made to RQ in writing within seven (7) days of RQ notifying the Applicant of the relevant decision.

The review cannot be undertaken by the same RQ officer who made the relevant decision and must be undertaken by an RQ officer of the same or a higher level of seniority to that of the original decision-maker.

RQ will provide the Applicant with a written notice of the review decision and the review decision will be final.

For the avoidance of doubt, the relevant decision will continue to apply until a written notice of the review decision is provided in accordance with this section.

12. RULES OF RACING

This Procedure has been made to support the Rules of Racing. Nothing in this Procedure shall obviate a person's obligations under the Rules of Racing. In the event of any inconsistency

between the Rules of Racing and this Procedure, the former shall prevail to the extent of the inconsistency.
